A WORD FROM BRUCE

The captain of the ship looked into the dark night and saw faint lights in the distance. Immediately he told his signalman to send a message "Alter your course 10 degrees south." Promptly a return message was received: "Alter your course 10 degrees north."

The captain was angered; his command had been ignored. So he sent a second message: "Alter your course 10 degrees south—I am the captain!" Soon another message was received: "Alter your course 10 degrees north—I am seaman third class Jones." Immediately the captain sent a third message, knowing the fear it would evoke: "Alter your course 10 degrees south—I am a battleship." Then the reply came "Alter your course 10 degrees north—I am a lighthouse."

In the midst of our dark and foggy times, all sorts of voices are shouting orders into the night, telling us what to do, how to adjust our lives. Out of the darkness, one voice signals something quite opposite to the rest—something almost absurd. But the voice happens to be the Light of the World, and if we ignore His voice then it is to our own peril. Submission and humility go hand in hand! Read James 4:1-10, and Hebrews 12:8-10. Let us be like a teen song —

"Lord My Desire". One verse says,
Lord my desire is to be like You,
Say the things You say,
Do the things You do,
Well, let me hear Your still voice
Through all the other noise,
So that I can be,
Just what You want me to be.

See ya at the gathering place!
Bruce

YOUTH CORNER

Choosing Wisely

Bruce had a great lesson Sunday night about choosing wisely, and I got all wet with a water balloon. The choices that you will make as teens will determine the quality and direction of your life. And that includes all the choices you make about your dating life. As an informed citizen of the 21st century, you have every reason to make wise choices. But sometimes, when the pressures of the dating world threaten to grind you up and spit you out, you may feel tempted to make decisions that are displeasing to God. When you do, you will suffer in more ways than you can imagine.

So, as you pause to consider the kind of Christian you are— and the kind of Christian you want to become—ask yourself whether you're sitting on the fence or standing in the light.

Life is pretty much like a cafeteria line— it offers us many choices, both good and bad. The Christian must have a spiritual radar that detects the difference not only between bad and good but also among good, better, and best.
